TERRACE ROOF | Simple and elegant, partially fitted with triangle-shaped fixed element.

**TERRACE ROOF:**  
**EXPAND YOUR LIVING SPACE**

With the right roof for your terrace and balcony, you can truly enjoy the fresh air. Our roofs will keep you protected from the wind and showers. Expand your living space from the first days of spring until well into autumn.

**DETAILS**

**Span width:** Up to 7m wide with only two pillars and 6.4m deep.

**Stability:** Up to 400 kg/m<sup>2</sup> (E.g. snow)

**Installation:** Easy, fast and secure

**Design:** Smooth and closed surfaces with no visible screws, emphasising the aesthetics.

**Material:** Individually constructed profiles that are stable yet delicate.

TERRACE ROOF | Open with centre support

## ALL FROM A SINGLE SOURCE

With 30 years of experience in what we do, high quality of products and consistent performance, we offer you great customer satisfaction. We continually invest in our products and partnerships for you.

TERRACE ROOF | Closed sides with double-sided half-hipped roof, designed in two colours

#### **TERRACE ROOF: TAILORED TO YOUR NEEDS**

Our products can be tailored to your requirements and budget. They can be perfectly inserted into any structural configurations. Our comprehensive range allows you to design your own “Comfort Zone”.

Experience our perfectly balanced and in-house developed Düpmann profile system. Our safe and sound engineering guarantees ideal static stability, even with extremely high snow loads. The systems are also designed for your easy installation. Our profiles are diversified and varied, allowing you to create endless design possibilities for your terrace roofs.

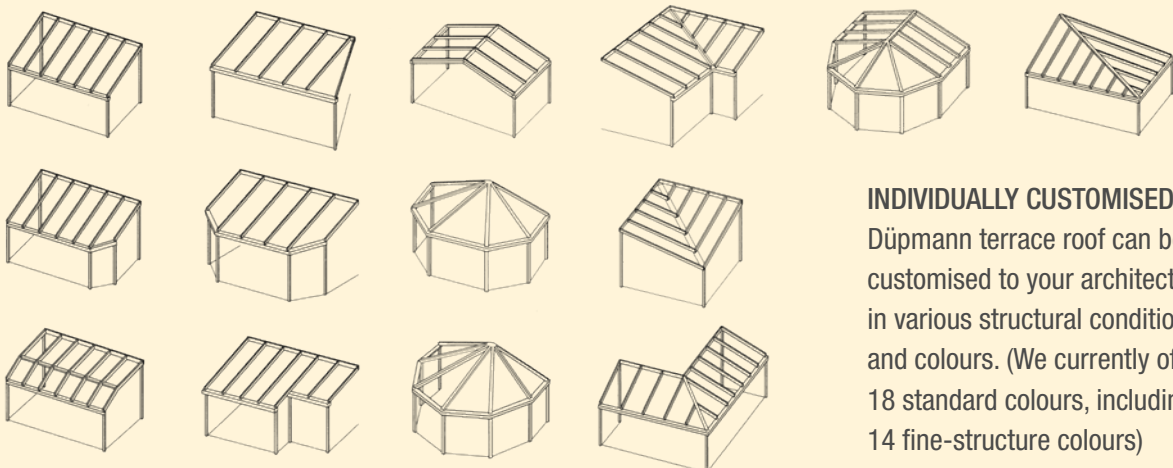

## TERRACE ROOF | VARIATIONS

Gable roof with integrated rain gutter

Terrace roof with protruding rain gutter
