Profile mit System 

LEFT PAGE

Our goal is to meet your individual needs. From choosing colours to building a sun roof that can hold 600 kg / m² snow load or installing over 1,000 meters high. Challenge us! Together with our partners, we will make it happen.

A family-run company, Aluminum Systeme Düpmann GmbH offers door canopies, easy-to-install terrace roofs, practical vertical windows, smooth framed and frameless sliding and folding doors, protective carports and reliable insect protection.

Since its inception, our company has experienced steady growth and is firmly established in the market. We offer customised product solutions and improve our product lines through innovation. Our certified technicians and engineers focus on quality. Your profiles are built based on your requirements, suggestions and their technical expertise.

Through our consistent product quality and delivery, we are able to achieve customer satisfaction. As a progressive company, we continually invest in our products and build partnerships.

TAILORED TO YOUR NEEDS TERRACE ROOFS

BRIGHTEN UP THE NIGHT SKY

Düpmann Glasshouse offers you endless possibilities to make use of the outdoor space. You can create your desired atmospheric lighting by installing our dimmable spot lighting in the profile of the terrace roof (optional).

YOUR PLACE IN THE SUN

TERRACE ROOFS

GLASS ARCHITECTURE WITH PERFECTION

Enjoy your garden and sun with Düpmann terrace roofs. The long span width provides you with an unhindered view. The construction is elegant, stable and thought through in detail. Our terrace roofs are also available in variety of designs.

GLASS ROOF FOR OUTDOOR LIVING

Düpmann glass roofs are designed to be elegant and seamless. Our rafters are bevelled and the Düpmann gutter cover is equipped with concealed screws.

OUTDOOR FUN IN ANY WEATHER
SLIDING DOORS

INDOOR SITTING – OUTSIDE LIVING

Insulated or uninsulated systems, we offer you the right solution for every application. High-quality, stable and slim aluminum profiles, elegant look – everything that you wish for. The sliding doors run on up to four lanes, are easy to use, durable and solid.

MAXIMUM OPENING IN THE OPEN AIR
FOLDING DOORS

SPACIOUS, MODERN AND WELL-LIT

Folding systems allow an unobstructed view to the outdoors. Use our systems to open up your living space into the garden where the sun is. The doors can be folded either inwards or outwards and will create a smooth transition with a large opening width.

IDEAL FOR A GOOD VIEW
ALL-GLASS SYSTEMS

UNIQUE PANORAMIC VIEW WITH FRAMELESS GLAZING

Rain, dead leaves, dirt, snow or pigeons – Our All-glass systems protect you securely. Barely visible, our systems have no pillars in between ensuring living space of your terraces, loggias and balconies are enlarged with unobstructed view. Indoors, they can be used as room dividers keeping away any unpleasant smells and sounds. All-glass systems will seamlessly fit into your existing architectural style retaining the view of your building.

THE SLIDING LEAN SYSTEM COMBINES ELEGANCE, COMFORT AND SAFETY

Düpmann Allglass sliding door is available in two to five-lane systems with door openings of up to 13 m. These systems can be used in many of your spaces – terrace roofs, cold winter gardens, terraces. Equally popular is their use on balconies or as a room divider in the living room area.

SUITABLE FOR EVERY STYLE
ALL-GLASS SYSTEMS

ALL-GLASS SYSTEMS

WEATHER PROTECTION IN OTHER TOP FLOORS

Wind, rain, leaves, snow, birds – all the unwanted will remain outside. A 5-mm threshold for burglar-protection or easy-care is also possible.

JUST AS YOU LIKE IT

We offer a variety of architectural designs – modern, historic, rustic. The glass panels are suitable for any of these styles, retaining the character and essence of the building.

FOR PROTECTION AND SHELTER
CARPORTS

SAFE IN SUMMER AND WINTER

Our different carport models provide shade and protection for any vehicle. They are attractively designed with with glass, colored acrylic or functional GRP Roofing. Accessorise your carports with LED or Halogen spot lights, creating that warm and cozy atmosphere.

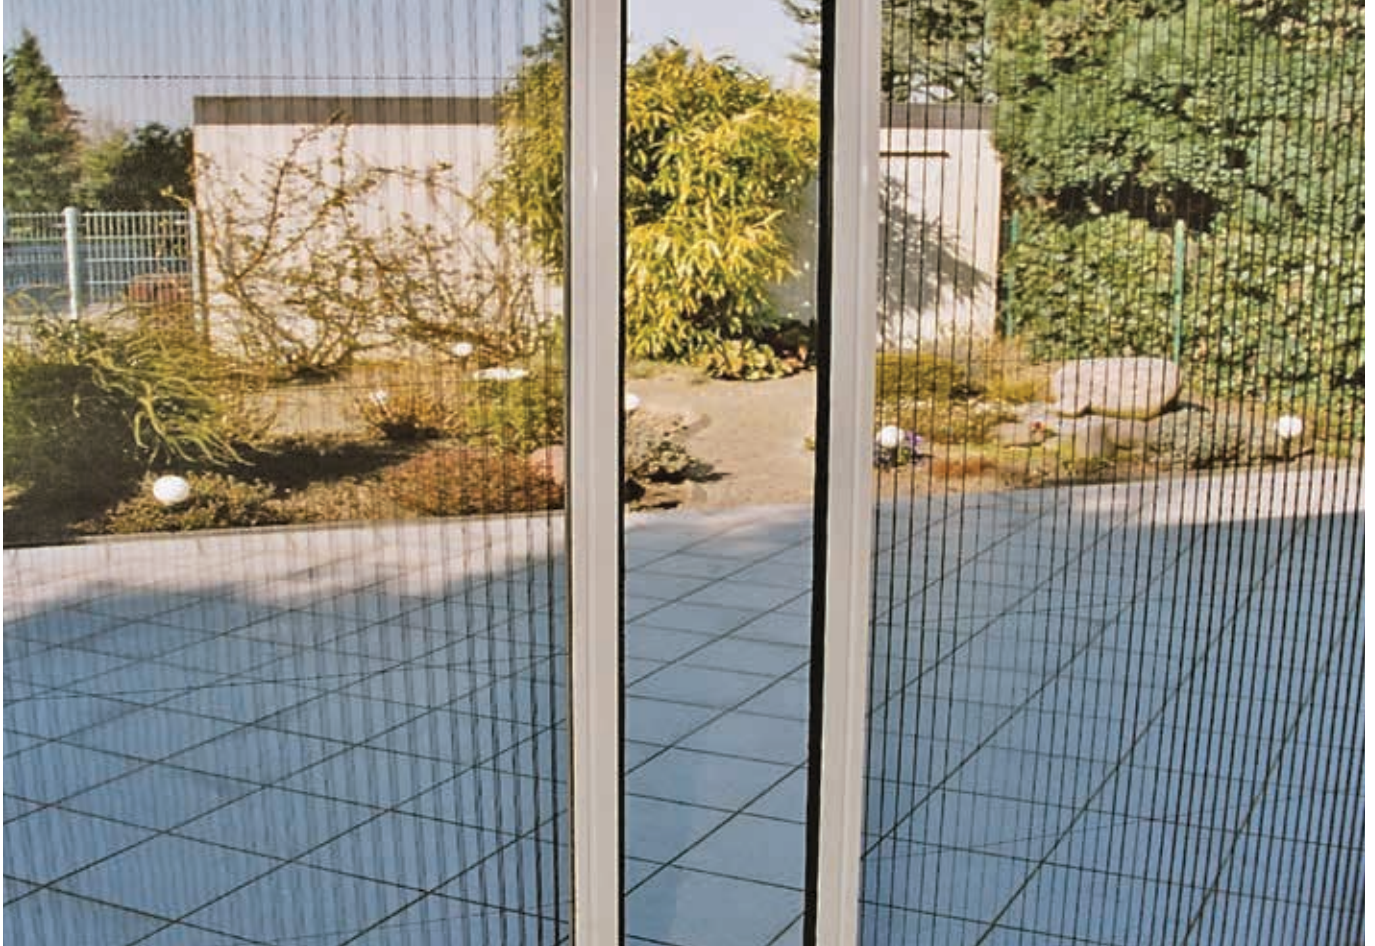

SLIDE UP YOUR WINDOWS
VERTICAL WINDOWS

VERTICAL WINDOWS

WITH US, IT'S EASY TO MOVE UP

Our windows can be moved upwards and adjusted at every height without the need for additional stoppers. With optimal use of space and ease of usage, you have many possibilities for applications – kiosks, reception and sales counters, in restaurants and private spaces, pharmacies or grandstand fronts.

SCREEN THE INSECTS AWAY
INSECT PROTECTION

INSECT-FREE SUMMERS

Our product lines give you the protection that you need whilst visibly unnoticeable. They allow you to ventilate your rooms throughout the day without the need for harmful sprays. With this, you can still enjoy the summer and winter breeze without having to deal with mosquitoes, flies, spiders or wasps.
